### **I Listening and Responding**

Neha is very excited. She has just written her annual examinations. It is summer.

The whole family is going on a long tour.

Neha: Dad, How will we go to the railway station?

Dad: We will go by bus. The railway station is very near.

Mom: Oh! No. The luggage is heavy.

Dad: Ok, then we will go by an auto.

Neha: Mom Look! The train has come.

#### **Answer the following the Question:-**

1. Why Neha is excited?
2. How did they go to they railway station?
3. What did Neha's Mom carry with her?
4. What do you do in summer holidays?

### **II Reading with comprehension**

Once there lived an old couple, named Ashok and Kamala. They were not rich. They loved to help the poor. One day they invited a saint for supper. He agreed to have food with them. They felt very happy. They prepared food for the saint, and waited for him. They waited until nine O' Clock.

#### **Answers the following the Questions: -**

1. Who are Ashok and Kamala?
2. What do they love?
3. Whom did they invite one day?
4. How long did they wait?

### **III Creative Expressions**

Siddu wants to use his computer to solve the mathematical problems.  
Your father bought a computer for you. Say how you would use it.
